شركة انابيا للإنشاءات

ANABIA CONSTRUCTION

The Intelligent Way to Plan.

Anabia Construction Company was founded in 2012. Because of its outstanding work in the construction industry, it is regarded as one of the fastest-growing construction companies in the kingdom.

Anabia provides general contracting for medium- and large-scale industrial and non-industrial construction, infrastructure maintenance, and shutdown services.

Its capabilities extend to civil and structural, mechanical, piping fabrication and installation, low-voltage electrical, and instrumentation works. The company employs a manpower complement of skilled craftsmen and engineers and owns a fleet of heavy and light construction equipment.

Anabia provides skilled manpower support to his clients at different levels and disciplines.

Our organization provides optimal and customized solutions that are tailored to meet your needs. We prioritize our attention solely on high-quality, safe, and cost-effective solutions, ensuring that our best services are implemented. We are proud to say that we meet the expectations of our clients, who are seeking consistent solutions.

VISION & MISSION

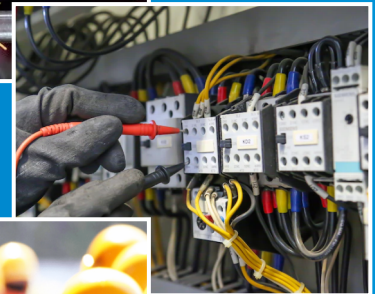

Preferred contractor to deliver the highest level of service, ensuring absolute client satisfaction by using the best quality standards, employing the skills of knowledgeable and experienced human resources, and benchmarking procedures for projects that must be completed on time.

Committed to providing our clients with construction product services while upholding the highest standards of safety, honesty, and creativity; we also stay mindful of the environment and work to develop our workforce and communities

Competence in carrying out every aspect of construction tasks up to project completion. Anabia has continuously delivered complex and challenging projects to the highest standards by investing in its people and equipment. In addition, we offer lift plans, calculations, drawings, and rigging studies. Our operators and riggers are certified by third parties, and we offer round-the-clock service, as a contractor anabia expertise include, but not limited to
